***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

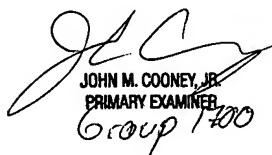

Claims 1-11 are rejected under 35 U.S.C. 102(b) as being anticipated by Maretti(5,441,993).

Maretti discloses preparations of flexible polyurethane foams wherein 4,4'-diphenylmethane based prepolymers derived from polyols as claimed are reacted with alkylene oxide based polyols as claimed in the presences of water and under conditions which meet the Index and NCO content values as claimed (see column 3, as well as, the entire document).
